1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Prop 28 funds were used to support arts education for our students. Prior to Proposition 28 we already knew the importance of music and art in education and prioritized funding there. As these funds are currently to supplement and not supplant previous spending the actual costs invested in music and arts instruction for our students is much higher than what we can spend utilizing this program. Utilizing these funds we have expanded music and arts programming, supported increases for staff, and are providing additional materials and supplies.
